Chapter 14: Mendel  
and the Gene.

Genetics= the study of  
the inheritance of traits

Heredity= inheritance  
or transmission of

traits from parents to  
offspring

o Trait=any  
characteristic of an  
individual.

1.) Blending  
inheritance→ traits  
observed in a mother

and father blend

Chapter 14. Mendel  
and the Gene Idea.

Lecture Outline.

Overview: Drawing  
from the Deck of  
Genes. Every day we  
observe heritable  
variations (such as  
brown, green, or blue  
eyes) among  
individuals in a  
population. These traits  
are transmitted from  
parents to offspring.  
One possible  
explanation for  
heredity is a
