Hugo Grotius (1583—1645) Hugo Grotius was a Dutch humanist and jurist whose philosophy of natural law had a major impact on the development of seventeenth century political thought and on the moral theories of the Enlightenment. Valorized by contemporary international theorists as the father of international law, his work on sovereignty, international rights of commerce and the norms of just war continue to inform theories of the international legal order.

Grotius, Hugo | Internet Encyclopedia of Philosophy

Even on central political concepts such as liberty and property, Grotius has important views that should be explored by anyone working in legal and political philosophy. And Grotius's work, especially *De Jure Belli ac Pacis*, is much more important in international law and the laws of war than anyone else's work in the 17th or 18th centuries.
