### Hacking Exposed Linux 2nd Edition

Hacking Linux Exposed, Second Edition covers the myriad ways a malicious hacker will attack your Linux system, and the rationale behind such behaviour. While the bad guys are well versed in such techniques, this book serves to educate the home user as well as the overworked and underpaid system administrator who is not only responsible for the operation of mission-critical Linux servers, but who must vigilantly secure them on a daily basis.

### Hacking Linux Exposed

Hacking Exposed: Linux, 2nd Ed (HE:L2E) follows this tradition, updating the content of the first edition and adding 200 pages of new content. Although I reviewed the first edition in Sep 01, reading the second edition reminded me of the challenges posed by securely configuring and deploying Linux systems.

### Hacking Linux Exposed, Second Edition - Slashdot

Our goals for Hacking Linux Exposed, Second Edition were lofty: create a Second Edition that was still standalone, that covers the latest and greatest tools and abuses, and provides the groundwork to make it possible to understand vulnerabilities that will arrive in the future. We didn't want a book that was simply a list of bugs in software packages - that would be out of date before it went to print.
